The Department of Permits and Inspections Talbot County, Maryland **Zoning Certificate**

- A zoning certificate is required prior to construction of a pier in Talbot County. A zoning certificate application may be obtained from the Talbot County Department of Permits and Inspections located at 215 Bay Street, Suite 3, Easton, Maryland. Office hours are between 8:00 a.m. and 4:30 p.m. Monday – Friday. A fee is required for the permit. Each applicant is required to fill out the **entire** permit application and sign and date the bottom.
- The permit application must be accompanied by two (2) copies of a plot plan (a drawing of the property also referred to as a site plan). Must be drawn a standard scale(ex:1”=10’,20’,30’,40’,50’, 100’) The plot plan shall show all property lines and dimensions, primary residence and location of other structures on property, the proposed location of the pier in relation to the property lines of the property, showing setbacks from property and lateral lines. County zoning regulations restrict the length of piers to the lesser of 150 feet channel ward or one-quarter of the distance across the waterbody. Outboard piling associated with the pier will be included in the overall length. The plot plan may be prepared by the applicant or the applicant’s surveyor provided the drawing is accurate, legible and to scale. In addition to County requirements the applicant must also submit two copies of an approved Maryland Department of Environment Wetlands license and Army Corps of Engineering Permit for the pier.
- After a stakeout inspection is completed by a building inspector and approved, the zoning certificate will be issued.
- An applicant is required to contact the Department of Permits and Inspections at 410-770-6840 for a final inspection upon completion of the pier construction.

- Construction must begin within nine months and be completed within eighteen months.
