Chapter 190 Zoning – Talbot County Code - Variances

Variances: To authorize upon appeal in specific cases such variance from the terms of the *Talbot County Code* as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of the code shall not be granted unless and until the applicant has demonstrated that:

The applicant for a variance shall have the burden of proof which shall include the burden of going forward with the evidence and the burden of persuasion to all questions of fact, which are to be determined by the Planning Director/Planning Commission.

In order to grant, vary or modify the minor variance provisions of Chapter 190, the Planning Director must determine that the application meets all of the following criteria:

- (a) Special conditions or circumstances exist that are peculiar to the land or structure such that a literal enforcement of the provisions of Chapter 190 of *Talbot County Code* would result in unwarranted hardship.

Applicant Response:

- (b) A literal interpretation of the Critical Area requirements of Chapter 190 of *Talbot County Code* will deprive the property owner of rights commonly enjoyed by other property owners in the same zoning district.

Applicant Response:

- (c) The granting of a variance will not confer upon the property owner any special privilege that would be denied by Chapter 190 of *Talbot County Code* to other owners of lands or structures within the same zoning district.

Applicant Response:

(d) The variance request is not based on conditions or circumstances which are the result of actions by the applicant, including the commencement of development activity before an application for a variance has been filed, nor does the request arise from any condition relating to land or building use, either permitted or nonconforming, on any neighboring property.

Applicant Response:

(e) The granting of the variance will not adversely affect water quality or adversely impact fish, wildlife, or plant habitat, and the granting of the variance will be in harmony with the general spirit and intent of the state Critical Area Law and the Critical Area Program.

Applicant Response:

(f) The variance shall not exceed the minimum adjustment necessary to relieve the unwarranted hardship.

Applicant Response:

(g) If the need for a variance to a Critical Area provision is due partially or entirely because the lot is a legal nonconforming lot that does not meet current area, width or location standards, the variance should not be granted if the nonconformity could be reduced or eliminated by combining the lot, in whole or in part, with an adjoining lot in common ownership.

Applicant Response:

All standards above must be addressed, do not leave any questions unanswered.

County action will be predicated upon the applicant's compliance with the above.

The Applicant is responsible for providing compliance with each finding and requirement, and consistency with Chapter 190 of the Talbot County Code and the intent of the critical area law.
