

REOPENING OF DUTCHMANS LANE TO TWO-WAY TRAFFIC

On Friday evening, November 19, 2010, Dutchmans Lane will reopen to two-way traffic. The variable message boards located throughout the county will be updated to reflect that the road is again open to normal traffic patterns.

The project has an anticipated completion date of mid December. During this time, the road will remain open to two-way traffic.

Talbot County thanks its citizens for their patience while the contractor completes this important public works project.
