By order:

Susan W. Moran, Secretary

A RESOLUTION TO FORMALLY ABANDON AND AUTHORIZE CONVEYANCE OF A CERTAIN PORTION OF WALKERS TURN ROAD (FORMER MARYLAND ROUTE 451) IN MCDANIEL, MARYLAND, SAID PORTION OF ROADWAY CONSISTING OF 0.05 MILES, MORE OR LESS, LOCATED ASTRIDE TWO PARCELS OF LAND HELD IN COMMON OWNERSHIP WITH AN ADDRESS OF 22641 WALKERS TURN ROAD, MCDANIEL, MARYLAND 21647, FURTHER DESCRIBED AS TAX MAP 22, PARCELS 167 AND 234 (COLLECTIVELY, THE “PROPERTY”); TO ESTABLISH CERTAIN CONDITIONS PRECEDENT TO SUCH ABANDONMENT AND CONVEYANCE, INCLUDING A SURVEY OF THE AREA TO BE ABANDONED AND REVISION PLAT AT THE OWNER’S EXPENSE; AND, TO AUTHORIZE CONVEYANCE OF THE COUNTY’S INTEREST IN SUCH ABANDONED PORTION OF THE ROADWAY BY QUITCLAIM DEED FOR NO MONETARY CONSIDERATION TO THE UNDERLYING FEE SIMPLE OWNER OF THE PROPERTY

WHEREAS, in 1930, the State of Maryland Highway Administration (“SHA”) acquired a right-of-way for former Maryland Route 451, consisting of 0.34 miles, more or less. In 1956, SHA rerouted former Maryland Route 451, and in doing so abandoned an 0.08 mile portion, more or less, of Former Maryland Route 451, leaving approximately 0.26 miles, more or less, of the roadway in service; and,

WHEREAS, in a memorandum prepared by SHA dated April 30, 1996, SHA confirmed the status of former Maryland Route 451 and explained SHA’s policy that abandoned areas of former State highways held as right-of-ways instead of fee simple would revert back to the abutting underlying fee simple property owners. A copy of the April 30, 1996, memorandum is attached hereto as Exhibit “A”; and,

WHEREAS, SHA transferred the still-utilized 0.26 mile± section, today known as Walkers Turn Road, to Talbot County pursuant to a Road Transfer Agreement dated November 30, 1998, a copy of which is attached hereto as Exhibit “B”; and,

WHEREAS, the County has maintained the entire 0.26 mile± section known as Walkers Turn Road since acquiring it from SHA in 1998, which maintenance has included, without limitation, snow plowing and removal; and,

WHEREAS, Walkers Turn Road begins at the intersection of Walkers Turn Road and Maryland Route 33 and extends in an easterly direction to the intersection of Walkers Turn Road and New Road, running thence in a northeasterly direction to a point of termination astride two parcels of land owned by Jerry R. Davis, Jr., and Susan W. Davis (collectively, “**Owner**”), pursuant to a deed recorded among the Land Records of Talbot County, Maryland in Liber 2604, folio 260, with an address of 22641 Walkers Turn Road, McDaniel, Maryland 21647, further described as Tax Map 22, Parcels 167 and 234 (the “**Property**”), which parcels are used jointly and recognized by the County as merged for zoning purposes.

WHEREAS, the Property is improved with a mini-storage structure and a shed, in addition to the still-utilized portion of Walkers Turn Road on the premises. The mini-storage use was approved by the Talbot County Board of Appeals on March 26, 1997, in Appeal No. 1004; and,

WHEREAS, Owner has requested that the County abandon the 0.05 mile± portion of Walkers Turn Road located on the Property, such portion of the roadway being shown and described in yellow hi-lite on an aerial titled “Exhibit C” to Resolution 279 Vicinity of Walkers Turn Road and Maryland Route 33, McDaniel, Talbot County, Maryland,” produced by the Talbot

County Department of Public Works on January 6, 2020, which is attached hereto as Exhibit “C” (the portion to be abandoned shall be referred to hereinafter as the “**Surplus Roadway**”); and,

WHEREAS, abandonment of the Surplus Roadway would allow the Owner to install additional security measures on the premises, such as a gate, and realize the full use of the two parcels comprising the Property; and,

WHEREAS, abandonment of the Surplus Roadway would not impact any other property owner’s access to Walkers Turn Road. All such owners who have direct access to Walkers Turn Road will still have direct access following abandonment of the Surplus Roadway; and,

WHEREAS, due to revenue and budgetary constraints, the County has been evaluating ways to reduce costs to the County and to become more efficient across all departments, including the Talbot County Roads Department; and,

WHEREAS, the Superintendent of the Roads Department does not believe that maintaining the Surplus Roadway is necessary to the inventory of public roads in Talbot County. If the Surplus Roadway were abandoned, the Roads Department would no longer be responsible for maintaining or plowing it, translating into savings for the Department; and,

WHEREAS, the County Engineer has recommended that abandonment of the Surplus Roadway be conditioned upon the dedication of a drainage easement to the County to address overland flow from Walkers Turn Road that drains in the direction of the Surplus Roadway; and,

WHEREAS, the Talbot County Director of Planning and Zoning has determined that abandonment of the Surplus Roadway will require a revision plat approved under Chapter 190 of the Talbot County Code (Zoning Ordinance) and recommends that the lot line between the two lots, which are presently considered merged for zoning purposes, be abandoned as a part of this process to create a single lot; and,

WHEREAS, to eliminate any doubt as to whether the neighboring property, owned by John H. Caldwell and Mary A. Caldwell pursuant to a deed recorded in the Land Records of Talbot County, Maryland in Liber 711, folio 684, with an address of 9645 Tilghman Island Road, McDaniel, Maryland 21647, further described as Tax Map 22, Parcel 253 (the “**Caldwell Property**”), has sufficient road frontage along Maryland Route 33, Owner has agreed to grant the Caldwell Property an access easement up to fifty feet (50’) in width over the easterly corner of the Property; and,

WHEREAS, the County Council held a work session on Monday, October 28, 2019, at which the above issues were discussed. Owner attended and was permitted to comment. The work session was advertised in accordance with regular meeting notice practices and special notices of the meeting were sent to individual property owners abutting Walkers Turn Road; and,

WHEREAS, Local Government Article (“**LG**”) § 10-312, Md. Code Ann., states that the County may dispose of any real or leasehold county property provided that “before the county makes any disposition, grant, or lease of county property, the county shall publish notice of the disposition, grant, or lease once a week for 3 successive weeks in at least one newspaper of general circulation in the county and shall include the terms of compensation to be received and give opportunity for objections.”; and,

WHEREAS, Chapter 134 of the Talbot County Code (Roads Ordinance) authorizes the abandonment and disposition of public roads that are no longer needed for public use, provided that certain notice requirements are met, namely holding a public hearing on the proposed disposition, advertising the same for at least three consecutive weeks in the newspaper, and giving special notice of the proposed disposition and hearing to abutting property owners at least three weeks in advance; and,

WHEREAS, subject to public comment, the County desires to abandon and authorize conveyance of the Surplus Road on the terms and conditions herein.

NOW, THEREFORE, BE IT RESOLVED by the County Council of Talbot County, Maryland that:

1. The above recitals are hereby incorporated as if fully set forth herein.
2. The County Council finds that:
 - (a) The County has duly complied with the notice, hearing, and comment requirements set forth in LG § 10-312 and Chapter 134 of the Talbot County Code;
 - (b) The Surplus Roadway is not needed for a public use and the County is lawfully authorized to abandon and dispose of such portion of the roadway as provided herein; and,
 - (c) Subject to satisfaction of the conditions set forth in Paragraph 3, below, the County Council President is authorized to execute a quitclaim deed in a form approved by the Talbot County Office of Law conveying the County's interest in the Surplus Roadway to Owner.
3. Conditions (a) through (d) below shall each be satisfied prior to the transfer of the County's interest in the Surplus Roadway to Owner:
 - (a) Owner, at Owner's sole cost and expense, shall commission a survey of the Surplus Roadway by a Maryland-licensed land surveyor, which survey shall be approved by the County and include both a map/drawing and a metes and bounds legal description.
 - (b) Owner, at Owner's sole cost and expense, shall apply for and obtain approval of a revision plat in accordance with Chapter 190 of the Talbot County Code, which plat shall:
 - i. Identify the Surplus Roadway to be abandoned;
 - ii. Provide for the consolidation of Owner's two parcels, described as Tax Map 22, Parcels 167 and 234, including the Surplus Roadway, into a single lot or parcel through the abandonment of existing lot lines separating the two parcels and lines delineating the Surplus Roadway; and,
 - iii. Identify the easements set forth in subparagraph (c), below.
 - (c) Owner, at Owner's sole cost and expense, shall grant the following easements, which shall be identified and included on the revision plat referred to above:

- i. A drainage easement for the benefit of Talbot County on terms approved by the Department of Public Works to address overland flow from Walkers Turn Road that drains in the direction of the Surplus Roadway; and,
 - ii. An access easement to Maryland Route 33 over the easterly edge of the Property for the benefit of the Caldwell Property on terms approved by Owner, the owner of the Caldwell Property or his/her/their authorized agent, and the Department of Public Works, provided that if, after consultation with the aforementioned parties and, if necessary, State Highway Administration, it is determined that adequate access to Maryland Route 33 already exists for the Caldwell Property, then, in such event, Owner need not grant such an access easement.
- (d) Owner shall enter into an indemnification agreement on terms approved by the Talbot County Office of Law, under which Owner shall (i) acknowledge that the County is no longer responsible for maintaining the Surplus Roadway or providing any service related thereto; (ii) agree that Owner is now responsible for any maintenance of the Surplus Roadway; and, (iii) agree to indemnify and hold harmless the County, its officials, department heads, employees, agents and contractors, from and against any claim of any kind or nature whatsoever arising out of or related to Owner's ownership and use of the Surplus Roadway.
- (e) If the foregoing conditions are not satisfied within eighteen (18) months from the date this Resolution is adopted, then the County shall be under no obligation to convey the Surplus Roadway to Owner and may continue to maintain said Roadway as part of the inventory of public roads in the County. If Owner is diligently attempting to satisfy the foregoing conditions but is unable to do so by the 18-month deadline, Owner may request an extension of time from the County Manager, who is authorized to grant up to two (2) six-month (6-month) extensions in his sole and absolute discretion.

4. Upon timely satisfaction of the conditions set forth in Paragraph 3, above, the County Council President is authorized to execute a quitclaim deed in form approved by the Talbot County Office of Law conveying the Surplus Roadway to Owner for no monetary consideration, which deed shall (i) reference to the revision plat approved by the Talbot County Department of Planning and Zoning and (ii) promptly be recorded among the Land Records of Talbot County, Maryland at Owner's sole cost and expense.

5. Upon execution and delivery of the quitclaim deed to Owner, the Surplus Roadway shall be deemed formally abandoned.

BE IT FURTHER RESOLVED, that this Resolution shall take effect immediately upon its date of passage.

SUBJECT: Former Md. Route 451 - from
New Road to Pot Pie Road
Talbot County
T-32

RECEIVED
MAY 01 1996
TALBOT COUNTY, MD.
& H.A.

This information is in response to a memorandum dated March 27, 1996, in which Patricia Quinn, Assistant Chief Right-of-Way Eastern Shore Region, is requesting the status (ownership) of Former Md. Route 451 for the Resident Maintenance Engineer of Talbot County (Gregory Holsey).

After speaking with Mr. Holsey, he expressed interest in utilizing the road bed (Former Md. 451) as a storage area. He mentioned the old road was not traveled, overgrown and not visible from Md. Route 33.

Enclosed is one copy each of SHA plats numbered 17117 through 17120 and 19378 through 19380 (for picture purposes only), showing the right-of-way acquired by this Administration for Md. Route 33. Acquisition references have been noted on the plats.

Also enclosed is one copy each of SHA plats lettered "ECI" and "ECJ", showing the right-of-way acquired in 1930 for former Md. Route 451. These plats show the Administration's degree of title to be a right-of-easement to be used exclusively by the SHA for highway related purposes only. The actual underlying fee may still be vested either in the county or the individual property owners.

Enclosed also is one copy of SHA conveyance plat numbered 43825.

Information obtained from the RME for Talbot County and the Highway Information Services Division (Joe Benedetta) indicate this road has not been officially maintained since the relocation in 1956.

Additional information gathered from Property Sales (Dwayne Kershner) and Road and Easement Conveyance Section (Kurt Oelmann) indicates former Md. Route 451 has never been conveyed, although a plat was prepared in 1973 for this purpose.

After researching the individual item files (numbered 39353 and 39354 under contract T 163-220), this office obtained a memorandum from Walter Cloggett, to James S. Sfekas, Esq., dated May 11, 1972, (a copy of which is attached), in which the property owners, at that time, expressed an interest in acquiring the old road bed. The acquisition, from the relocation in the late 1950's, (shown on plats 17117 through 17120 and 19378 through 19380) left their parcels severed. The memo also stated the maintenance engineers at that time could not see a future use for the old road bed.

The general policy regarding old roads (which were not acquired in fee and are no longer used or maintained as traveled roadways) suggests:

This portion of road (used for highway purposes) will, revert to the previous or adjoining owner and the state will have no further interest in this property.

Therefore, it appears the SHA may have no control or rights in this road bed.

I would suggest you contact Ed Harris, Chief Counsel, Office of Counsel for a final determination on this matter.

You should check the Land Records of Talbot County for any property transfers or pertinent dedications to the SHA for highway purposes or public use, which may exist.
