§ 190.38.1. Contractor, Landscape

A. Standards for landscape contractors in the LC, GC and LI zoning districts.

(1) Subject to §190-38, Contracting and Maintenance.

B. Standards for landscape contractors in the remaining zoning districts (AC, CP, WRC, RC, RR, TC, TR, VC).

(1) Minimum lot size: two (2) acres.

(2) The landscape contractor use shall not occupy more than 750 square feet per acre in a single accessory structure or in a combination of accessory structures for a total amount of storage in accessory structures on site not to exceed 3,000 square feet.

(3) Minor site plan approval is required. See §190-184.

(4) If the landscaping contractor use is accessory to a residential use:

(a) A recommendation from the Planning Commission is required.

(b) The landscaping contractor use must be conducted within a residence and/or accessory structure on the same lot as the residence.

(c) The property used for the landscape contractor use shall contain the primary residence of the proprietor; and, if the proprietor is not the property owner, evidence of permission of the property owner to use the property for the landscape contractor use must be provided to the Planning Director.

(d) The landscape contractor use shall not change the character of the residential use or adversely affect the uses permitted in the residential district of which it is a part.

(e) The landscape contractor use shall be conducted in such a manner as to minimize the production of noise, dust, vibration, glare, smoke or smell, electrical interference, fire hazard, traffic, or any other nuisance not typically experienced in the zoning district where property is located.

- 55 (f) No landscape contractor use shall require internal or external construction
56 features or the use of electrical, mechanical, or other equipment that would
57 change the fire rating of the structure or in any way increase the fire danger to
58 neighboring structures or residences.
59
60 (g) All outdoor storage associated with the landscape contractor use (equipment,
61 stockpiling and work areas) is limited to maximum site coverage of 5,000
62 square feet. The Planning Director in his discretion may allow for additional
63 outdoor storage if such storage will not adversely affect neighboring
64 properties.
65
66 (h) All outdoor storage associated with the landscape contractor use (equipment,
67 stock piling and work areas) shall be setback from the neighboring residential
68 property lines a minimum distance of fifty (50) feet. The Planning Director in
69 his discretion may require a greater setback if necessary to preserve the
70 character of the residential use or prevent the use from adversely affecting the
71 uses permitted in the residential district of which it is a part.
72
73 (i) All outdoor storage associated with the landscape contractor use (equipment,
74 stockpiling and work areas) shall be screened from adjacent properties and
75 public ways as deemed appropriate by the County.
76
77 (j) No more than five (5) nonresident full-time equivalent employees shall report
78 to a landscape contractor use site.
79
80 (k) Landscape contractor use employees shall not report to the site prior to 7:00
81 a.m. or leave after 7:00 p.m.
82
83 (l) Employee vehicle parking associated with the landscape contractor use shall
84 occur on-site.
85
86 (m) Deliveries of materials, parts, and supplies shall occur between 7:00 a.m. and
87 5:00 p.m., Monday through Friday.
88
89 (n) Customer, client visitation to the property shall be scheduled to prevent an
90 increase in vehicle trips.
91
92 (o) Sale of any materials related to the landscape contractor use shall occur off-
93 premises.
