

Date _____

Building Address _____

Permit No. _____

Fastener Affirmation Sheet

I, (owner or builder) as the responsible party for the construction of Talbot County Building Permit, No. _____ do hereby acknowledge that I have read and understand the following, and do hereby agree to use the proper fasteners as required by the Talbot County Code.

Any fasteners used in pressure treated lumber including, sill plates, floor joist, beams and wall plates shall be hot-dipped galvanized steel, stainless steel, silicon bronze or copper and must be approved for use with ACQ, CA and ACZA materials.

Failure to use the proper fasteners will result in the corrosion of other fasteners and result in a failure of the structure.
