Plan to Maximize Voter Participation in County

Polling places are located in close proximity to voters. All polling places are accessible and can be commuted to by county bus. A list of polling places is available on the Talbot County Board of Elections website. Voters are notified of their polling place location on voter notification cards and sample ballots. For precinct 01005, there will be a traffic pattern change near the polling place that the Talbot County Community Center has publicized. The local board will also send out reminders using social media and mailers for election day.
