his priority was keeping the existing staff. We know when we lose deputies, we are losing tens of thousands of dollars each time a deputy goes to a different jurisdiction. The bottom part of the screen are capital projects that need to be funded. We need a new facility for the Sheriff's Office. The sheriff is currently located in the Talbot County Business Center, which is the former Black and Decker property. That building will be transferred to the Easton Airport. At that point, it will no longer be available to the demolished. So we have to find a new facility for the Sheriff's Office. We expect that cost to be approximately \$12 million. The EMS station in the Bay needs in the very near future, but there's the funding issue. If we were to borrow the whole \$25 funding issue. If we were to borrow the whole \$32 million, that would add an additional \$22.6 million of annual debt service each year, and we do not have an identified funding stream for that kind of debt service. So that concludes my remarks on 2020 proposed budget. MR. PACK: Thank you very much, Ms. Lane for that thorough presentation. So each year, like some of the great people that were up here, so we're not, and I pool arguing and trying to discuss that we are not process with the school system, as did my two children. Certainly I went through the Talbot County Public School system, as did my two children. My eldest is now in his just finished his Page 105 first semester of medical school. So he got a great education. And the other one is about to graduate from college in two weeks. So no more tuition. So I'm excited about that. So I'm very familiar with the school system. One person said public servants deserve to be valued. And I hope that there's not any question in this room or anywhere else in the county how very much we value every single one of our public servants, teachers and everybody else in the county. And we need to be able to do for them what we have I think have a really good start in doing what we have done for the school system.
